

How can I make reviewing anonymous?

If you do not want your students to know whose work they are reviewing and who is reviewing their work, (1) go to Administration > Workshop administration > Permissions

and (2) click the dustbin icon next to student to prevent "view author names" mod/workshop:viewauthornames and "view reviewer names" mod/workshop:viewreviewer names

You can also add student name to allow them to "view author names" and "view reviewer names" by clicking on the + icon in the Roles with permission column.

(1)

The screenshot shows the 'test' workshop administration interface. At the top, there is a 'Back to course 'PTM2'' link and a gear icon. The main content area is titled 'test' and 'Setup phase'. It features four phase cards: 'Setup phase' (Current phase), 'Submission phase', 'Assessment phase', and 'Grading evaluation phase'. The 'Setup phase' card is highlighted in green and contains a list of tasks: 'Set the workshop description' (checked), 'Provide instructions for submission' (unchecked), 'Edit assessment form' (checked), and 'Switch to the next phase' (checked). The 'Submission phase' card contains 'Provide instructions for assessment' (checked) and 'Allocate submissions' (unchecked). The 'Grading evaluation phase' card contains 'Calculate submission grades' (checked), 'Calculate assessment grades' (checked), and 'Provide a conclusion of the activity' (unchecked). A sidebar menu on the right includes options like 'Edit settings', 'Locally assigned roles', 'Permissions' (highlighted), 'Check permissions', 'Filters', 'Logs', 'Backup', 'Restore', 'Edit assessment form', and 'Allocate submissions'.

(2)

Viewauthornames: This allows a user to see the name of submission author.

The screenshot shows the 'Permissions in Workshop: test' page. It features an 'Advanced role override' dropdown menu set to 'Choose...'. Below this is a 'Filter' input field containing 'viewauthornames' and a 'Clear' button. The main content is a table with columns for 'Capability', 'Risks', 'Roles with permission', and 'Prohibited'. The table is titled 'Activity: Workshop'. The first row shows the capability 'View author names' (mod/workshop:viewauthornames) with a '+' icon in the 'Roles with permission' column. The roles listed are 'Co-Instructor', 'Student', 'Non-editing Instructor', 'Instructor', and 'Manager', each with a trash icon. A 'Delete' button is located below the table. At the bottom, there is a 'Back to Workshop: test' link.

Viewreviewernames: This allows a user to see the name of reviewer. By default student are not allow to view reviewer name.

Advanced role override

Filter [Clear](#)

| Capability | Risks | Roles with permission | Prohibited |
|---|-------|--|------------|
| Activity: Workshop | | | |
| View reviewer names mod/workshop:viewreviewernames | | Co-Instructor Non-editing Instructor Instructor Manager | |

[Back to Workshop: test](#)
