

MOHD HILMI JAAFAR

Master of Technology Universiti Malaya, 2004

BSc. (Hons) (Chemistry), 1994

jhilmi@um.edu.my

0379675933

**Research Interest**

Cathode Materials, Lithium Ion Battery, Layered Lithium Metal oxide, Electrochemical Devices

Research Highlight

Current research focuses on preparation of layered materials based on lithium cobalt oxide, structural, morphological and electrochemical characterization and fabrication of cathode materials for lithium ion batteries.
