

Singular Asset Management is a boutique fund management company operating in Malaysia and Singapore. We are licensed and regulated by Securities Commission Malaysia and Monetary Authority of Singapore.

We offer select places for our Structured Internship Program to students. An internship with Singular Asset Management provides you an opportunity to gain hands-on working experience, on the job training and exposure to the realities of a fund manager's working environment.

During your internship, you will likely have an opportunity to:

- work with our investment professionals to gain insights on the expectations and integrity requirements of a fund manager
- participate in investor day, individually or in a group organised by leading investment bankers – which will enable you to experience professional conferences and also meet with professional managers of listed companies from Malaysia and other Asian countries.
- work individually or in a group, on projects relating to Asian economies and financial sectors
- participate in ESG (“environmental, social and governance) events
