About PhAMA

The Pharmaceutical Association of Malaysia (PhAMA) is an organization which represents multinational companies involved in the Research & Development, Manufacturing, Marketing and Sales and the Distribution of innovative medicines in Malaysia. The association was formed in 1972 and our members currently stand at 44. Our member's activities are centered towards providing access of innovative medicines to improve the health and quality of life for all Malaysians.

PhAMA is pleased to announce that this year we will kick off our inaugural PhAMA Awards 2014 as an important initiative to encourage and recognize the innovation and research, and community impact that students, researchers, members of the academia, health care professionals as well as members of the public has contributed to the society. The contest is divided into two categories i.e. the Minister of Health Innovation & Research Award and the PhAMA President's Community Impact & Awareness Award.

Pharmaceutical Association of Malaysia
Persatuan Farmaseutikal Malaysia

Congratulations!

We are pleased to announce that the following submission has been chosen by our esteemed judges as the best project to be awarded as the Grand Prize winner for the Minister of Health's Innovation & Research Award category.

Title: The Decision Making in Insulin Therapy

(Joint/Group project by: University Malaya, University Putra Malaysia, and Ministry of Health Malaysia)

The Grand Prize brings with it a trophy and a cash prize of RM12,000.00

We would appreciate if you would contact the secretariat and advise us as to whom the cheque should be made out to for our further action.

Congratulations once again.

Yours sincerely

A handwritten signature in black ink, appearing to read "Ewe Kheng Huat", is written over a light blue horizontal line. The signature is stylized and fluid.

EWE KHENG HUAT
