## STEPS ON HOW TO SEARCH FOR RESOURCES IN THE LIBRARY

01

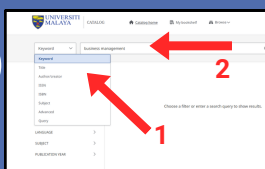

### Link

Go to library website  
<https://umlib.um.edu.my/>

Click PendetaOneSearch or search  
<https://umlib.locate.ebsco.com/search>

02

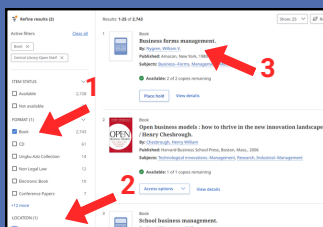

### Searching

1. Choose a search option: Keyword, Title, Author, ISBN, ISSN, Subject, Advanced, or Query.
2. Enter the appropriate keyword or title based on the selected search option and click search.

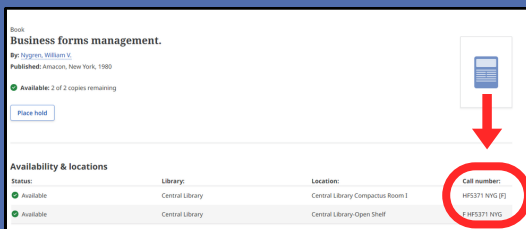

03

### Filtering Search Results

Refine the results by applying filters such as preferred format (e.g., Book) and location (e.g., Central Library). Then, click on your preferred book title from the search results.

04

1. Look at the status: Is the book available?
2. Which library has it?
3. Where is it on the shelf?
4. Want to borrow it? Write down the call number, find the book, and use the self-check machine.
