Overview

Following the popular workshops held in the past two years, UMCoRS has decided to hold another workshop on competition law. As the enforcement of the Competition Act 2010 has begun since 1 January 2012 UMCoRS has received numerous requests from the business community that more workshops be held to give the business communities some more in-depth understanding of competition law, particularly the Competition Act 2010. Upon this popular demand, UMCoRS has secured the concurrence of its Associate Fellow, Dr Vince, to give another workshop.
Focus of the Programme

• What the Competition Act 2010 permits and prohibits
• The implications of the law on your business operations and dealings with other businesses or competitors
• Your rights and duties under the Competition Act 2010
• Financial consequences of an infringement
• Management adjustments that your business may have to make to comply with the law
• Investigation and enforcement under the Competition Act 2010
• Powers of the Commission
